

**PETITION TO REMOVE ROUNDUP AND OTHER CHEMICAL  
HERBICIDES FROM USE IN \_\_\_\_\_ COUNCIL AREA**

We, undersigned residents of the \_\_\_\_\_ Council area, ask our town councillors to:

1. revise council policy on the spraying of Roundup (glyphosate) and other chemical weedkillers in all public places;
2. review council's duty of care to prevent any adverse impacts of synthetic chemical use on workers and residents;
3. phase out Roundup use in 2019, considering the evidence of its toxicity to workers, public health and the environment;
4. conduct trials of non-chemical weed management systems, especially in areas where children and pets are exposed.
